Thank you very much for the macaroni and oil and school supplies.

We use the macaroni in our school lunches. School lunches are very important in Haiti because the children may not be getting enough food at home.

The school supplies were needed very much. Our families in Haiti simply cannot afford to buy them.

Our goal is to educate children of extremely poor, illiterate parents and give them a chance to get out of poverty. Our students are the hope of their families. You have been a part of making this possible.

God bless you,
Sherrill E. Fausey
